**ENGLISH: Introduction:** During the COP21 of the Barcelona Convention held in December 2019, Mediterranean countries requested the preparation of a set of regional measures to support the development of green and circular businesses and strengthen the demand for more sustainable products ([Decision IG.24/13](#)). SCP/RAC together with a group of experts analysed the situation in each of the Mediterranean Countries and developed 22 country profiles, 10 international best practice factsheets, 4 sub-regional baseline assessments and a proposal of policy recommendations to be considered for the preparation of the set of regional measures.

**FRANÇAIS: Introduction:** Lors de la COP21 de la Convention de Barcelone tenue en décembre 2019, les pays méditerranéens ont demandé la préparation d'un ensemble de mesures régionales pour soutenir le développement d'entreprises vertes et circulaires et renforcer la demande de produits plus durables ([décision IG.24 / 13](#)). Le SCP/RAC, avec un groupe d'experts ont analysé la situation dans chacun des pays méditerranéens et élaboré 22 profils de pays, 10 fiches d'information sur les meilleures pratiques internationales, 4 évaluations de base sous-régionales et une proposition de recommandations politiques à prendre en compte pour la préparation de l'ensemble de mesures régionales.
