

## Appendix UNEP/MAP MTS 2022-2027 Targets and Indicators per Programme

**Programme: 1. Towards a pollution and litter free Mediterranean Sea and Coast embracing circular economy**

Indicators	Proposed targets
1. Number of regional regulatory and policy instruments developed/updated and implemented addressing pollution and marine litter prevention and reduction.	3
2. Number of technical guidelines and tools on marine pollution and marine litter prevention/reduction and circular business development developed and implemented.	11
3. Number of countries that integrate common approaches to mainstreaming marine pollution and marine litter prevention/reduction into development and sectoral plans, policies and processes.	At least 6 CPs
4. Number of measures and actions developed and/or implemented to reduce pollution to air, water, soil and the ocean.	16 measures and actions
5. Number of new/updated national policies, strategies, legislation or action plans on pollution and marine litter prevention/reduction adopted in line with MAP legal and policy instruments.	At least 8
6. A) Quantity of priority pollutants removed;  B) Reduced trends of pollutants/marine litter discharges at sea; C) Progress towards GES achievement/maintenance on pollution and marine litter at commonly agreed assessment scales.	A) 1,250 tons of POPs reduction/ prevention 50 tons of mercury

**Programme 2: Towards Healthy Mediterranean Ecosystems and Enhanced Biodiversity**

Indicators	Proposed targets
1. Number of regional regulatory and policy instruments on biodiversity and ecosystems conservation developed/updated and implemented.	9
2. Number of new/updated national policies, strategies, legislation or action plans for the implementation of regional instruments, including restoration actions.	23
3. Number of countries that integrate common approaches to mainstreaming biodiversity into development and sectoral plans, policies and processes.	At least 8
4. A) Number of protected areas (MPA, SPAMI and other effective area-based conservation measures) designated; management plans developed and implemented; MPA monitoring data reported;	A) At least 2,000 area-based conservation measures (baseline

	1,137); At least 1 set of data on EO1/EO2 CIs by CPs in selected MPAs;
<b>B) % of Mediterranean Sea under protection measures.</b>	B) 20% (baseline 9.3%)
<b>5. Progress towards GES achievement/maintenance on biodiversity and NIS cluster at commonly agreed assessment scales.</b>	At least 6 assessments related to EO1, EO2 and EO3 at national level  At least 3 countries with national bycatch data and its impact on biodiversity assessed
<b>6. Number of measures and actions developed and/or implemented on biodiversity conservation, restoration, and monitoring implemented, including on MPA/SPAMI management and monitoring.</b>	At least 21
<b>7. Number of measures and actions developed and/or implemented to prevent, manage and control NIS and in particular invasive non-indigenous species and their introduction pathways.</b>	At least 1 measure and 1 action are developed and implemented every biennium (3 actions and 3 measures in the 6 year time period of the MTS)

### Programme 3: Towards a Climate Resilient Mediterranean

Indicators	Proposed targets
<b>1. Number of regional regulatory and policy instruments to address climate change-related challenges developed/updated and implemented.</b>	2
<b>2. Number of national climate change mitigation and/or adaptation and Disaster Risk Reduction strategies and policies developed or mainstreamed into national ICZM and MSP strategies and coastal plans and under implementation.</b>	7
<b>3. Number of national and local actions and targeted measures to support climate change mitigation and adaptation, including nature-based solution actions, developed and implemented.</b>	35
<b>4. Number of thematic publications, targeted assessment products and the sharing of best-practices including on nature-based solutions, climate finance, circular economy business ventures support etc.</b>	5

### Programme 4: Towards the sustainable use of coastal and marine resources including circular and blue economy

Indicators	Proposed targets
<b>1. Number of regional regulatory and policy instruments to support sustainable use of coastal and marine resources developed/updated and implemented.</b>	1
<b>2. Number of regional guidance documents and tools, including recommendations and standards, to support sustainable use of coastal and marine resources developed and implemented.</b>	9
<b>3. A) Number of ICZM strategies, plans and programmes, mainstreaming MSP and climate action prepared and implemented;</b>	A) 4
<b>B) Number of national policies and legal frameworks for green and circular businesses support adopted and implemented.</b>	B) 2
<b>4. Progress towards GES achievement/maintenance on coast and hydrography cluster at the commonly agreed assessment scale.</b>	
<b>5. Number of national and transboundary CAMP and other demonstration projects focusing on the implementation of the ICZM Protocol provisions negotiated, prepared and implemented.</b>	5
<b>6. Number of actions and targeted measures providing innovative services and products and strengthen technical capacities of businesses, entrepreneurs, financing agents, and civil society organisations.</b>	4 actions; 100 entrepreneurs supported

#### Foundational Programme 5: Governance

Indicators	Proposed targets
<b>1. Number of new ratifications of the Barcelona Convention Protocols.</b>	At least 6
<b>2. Number of Contracting Parties complete implementation reports timely submitted to the Secretariat through the Barcelona Convention Reporting System (BCRS).</b>	22
<b>3. A) Number of actions to support the implementation and enforcement of the Barcelona Convention and its Protocols, including public institution capacities;</b>	A) 11
<b>B) Number of compliance mechanisms and procedures upgraded, maximizing synergies with the work under relevant MEAs.</b>	B) 3
<b>4. Ecosystem approach regulatory and governance framework reviewed and upgraded to boost the actions for achieving and/or maintaining GES.</b>	
<b>5. Number of sectoral and intersectoral governance mechanisms and bodies established and operational at national level.</b>	At least 10
<b>6. A) Number of partnerships established and/or updated including with relevant scientific networks/ institutions, and the private sector;</b>	A) 30
<b>B) Number of joint actions designed and implemented.</b>	B) 25

### Enabling Programme 6: Towards Monitoring, Assessment, Knowledge and Vision of the Mediterranean Sea and Coast for Informed Decision-Making

Indicators	Proposed targets
1. Number of assessment products, analyses, scenarios and reports on the status of the Mediterranean marine and coastal environment, including socioeconomic aspects, prepared and published.	6 regional; 9 national
2. Network of Mediterranean scientific experts strengthened through:  A) number of established/updated partnerships with scientific institutions;  B) Number of strategic, knowledge sharing and SPI meetings.	A) At least 5  B) At least 3
3. A) Number of IMAP Indicators fully developed with assessment criteria, with operational scales of monitoring and assessment in place;  B) Number of NAP/H2020 Indicators populated and assessed  C) Number of upgraded MSSD Dashboard indicators updated and assessed and aligned with SDGs.	A) At least 13  B) At least 10  C) Increasing trends
4. A) IMAP InfoSystem fully operational for the submission of quality assured data for all IMAP Common Indicators;  B) Number of Contracting Parties timely submitting IMAP monitoring data through the IMAP InfoSystem.	A) IMAP Info System hosting quality assured data for all IMAP Common Indicators  B) 21
5. Number of thematic data/information collection and sharing platforms established and operational.	12

### Enabling Programme 7: For informed and consistent advocacy, awareness, education and communication

Indicators	Proposed targets
1. A) Number of events organised raising MAP visibility and supporting renewal of commitment to the Barcelona Convention;  B) Number of international and regional fora where the role and visibility of the BC and UNEP/MAP is promoted.	A) At least 22  B) At least 24
2. Number of actions implemented regarding the Advocacy programme including through the use of new communication and digital tools ensuring a consistent One-MAP system communication.	30
3. Number of educational and awareness raising programmes and actions, with a particular focus on civil society engagement, developed and implemented.	70
4. Number of actions to support gender mainstreaming into MAP-Barcelona Convention system in line with SDG 5 developed and implemented.	At least 20

<b>5. Number of tools and products to enhance knowledge management and internal communication delivered.</b>	50
<b>6. A) Positive shift in public opinion, attitudes, and actions, in support of the MTS Programmes; B) Positive change in private sector in support of the MTS Programmes.</b>
