REFLECTION FROM COPENHAGEN & VALUES, CULTURE AND SPIRITUALITY

Dear Friends,

I am pleased to share with you a reflection of my time in Copenhagen, Denmark between 26 and 29 May 2022.

The Ecumenical Church Convention in Denmark, [Heavenly Days](#), invited UNEP Faith for Earth to participate in a discussion hosted by [Danmission](#) on “Stewardship and the relationship between man and nature - tackling the triple planetary crises”.

The Heavenly Days activities went well with celebration of the arts, debates and seminars on inter-religious and interfaith as related to environment, stewardship and freedom of religion or belief among others. UNEP Faith for Earth and [Danmission](#) focused on our joint programme in Cambodia, seeking to submit a joint proposal to the Darwin Initiative.
