UN environment programme

Date **26.09.2022**

Publications Released

The following list is a selection of publications released by UNEP between 1 January and 15 September 2022. These include only publications that have been approved by UNEP's Publications Board and that have been cleared through UNEP's publications clearance process. For a complete overview of publications, reports and documents issue by UNEP please visit https://wedocs.unep.org/.

Spotlight and Institutional Series
Frontiers 2022: Noise, Blazes and Mismatches

Technical Reports
1. The State of Finance for Nature in the G20: Leading by example to close the investment gap
2. Spreading like Wildfire: The Rising Threat of Extraordinary Landscape Fires - A Rapid Response Assessment
3. Environmental and Health Impacts of Pesticides and Fertilizers and Ways of Minimizing Them – Synthesis Report
4. Summary for Policymakers - Environmental Dimensions of Antimicrobial Resistance
5. Actions on Air Quality in North America: Canadian and U.S. Policies and Programmes to Reduce Air Pollution
6. Urban Agriculture's Potential to Advance Multiple Sustainability Goals - An International Resource Panel Think Piece
7. International Good Practice Principles for Sustainable Infrastructure
8. Harmful Marine Extractives: Understanding the Risks & Impacts of Financing Non-renewable Extractive Industries - Offshore Oil & Gas
9. A Scientific Assessment of the Third Pole Environment
10. Transforming Tourism in the Pan-European Region for a Resilient and Sustainable Post-COVID World
11. Sand and Sustainability: 10 Strategic Recommendations to Avert a Crisis
12. Review of Current Knowledge and Data on Marine Litter in Asia
13. Gender Mainstreaming in Coastal and Marine Ecosystems Management: Principles, Case Studies and Lessons Learned
14. Walking and Cycling in Africa - Evidence and Good Practice to Inspire Action
15. Mountains ADAPT: Solutions from the South Caucasus
16. Are you Ready for Nature-Related Disclosure?

Technical Guides or Manuals
1. Water Quality Monitoring and Assessment of Groundwater: Technical Guidance Document
2. Rotulagem Ambiental Tipo I do café brasileiro para uma economia de baixo carbono: Manual operacional para obtenção do rótulo ecológico
3. Lead Paint Reformulation Technical Guidelines
4. Guidance on Policy and Legislation for Integrated Waste Management during a Pandemic
5. Single-Use Face Masks and their Alternatives: Recommendations from Life Cycle Assessments

Non-technical Handbooks, Guidelines, Manuals, Toolkits
1. Enabling Sustainable Lifestyles in a Climate Emergency
2. Direitos Ambientais para Jornalistas - Guia de Boas Práticas
3. Diving Deep: Finance, Ocean Pollution and Coastal Resilience

Policy Briefs
1. [WASP Brief #5 - The risk of cascading climate change shocks and stressors](#)
2. [Action Plan for a Sustainable Planet in the Digital Age](#)
3. [The shrinking Arctic Sea Ice (Foresight Brief 28)](#)

Working Papers
1. [COVID19 and Impacts on Environmental Human Rights Defenders and Environmental Protection in Southeast Asia](#)
2. [Study on Industry Involvement in the Integrated Approach to Financing the Sound Management of Chemicals and Waste](#)

Teaching Materials
1. [Keepers of the Land: the Curious case of the Contaminated river](#)
2. [Green Customs Guide to Multilateral Environmental Agreements](#)

Annual Reports
1. [UNEP Annual Report 2021](#)
2. [Playing for the Planet: Annual Impact Report 2021](#)
3. [International Environmental Technology Centre - Annual Report 2021](#)

Other
1. [The Virtual Environmental and Humanitarian Adviser Tool - VEHA Tool](#)
2. [Prioritising Nature-Related Disclosures: Considerations for High-Risk Sectors](#)
3. [Strategic Framework for Collaboration on Antimicrobial Resistance - Together for One Health](#)

Publication Concepts Approved by Publications Board for release at later date

The following list of concepts has been approved by the UNEP Publications Board in 2022. Some of these publications may be changed, merged or cancelled; they are approved in the early stages and the publication still needs to go through UNEP quality control processes. Only publications that meet the organization's quality standards are cleared for release.

Other publications may be added at short notice through an exceptional approval process.

Spotlight and Institutional Series
The timing of release of Spotlight and Institutional Series might change. Also, depending on the report findings, timing and other organizational priorities, they may be released as technical reports instead.

1. Emissions Gap Report 2022
2. Adaptation Gap Report 2022
3. Environmental Dimensions of Antimicrobial Resistance
4. Assessing the 'Rules of the Game': Shifting behaviors for Big Agribusiness (TBC)

Technical Reports
1. Jobs in Nature-based Solutions

2. Measuring climate change mitigation potential: guidance on tools and methodologies to measure the climate change mitigation potential of ecosystem restoration projects
3. Assessment of ecosystem change, recovery success and ecosystem service change following restoration
4. Assessment of the social and economic benefits of changing ecosystem services generated by restoration and the cost effectiveness of restoration interventions
5. Common framework for sustainable finance taxonomies in LAC
6. Achieving sustainable economic recovery in Latin America and the Caribbean through climate action
7. Transparency Pathways Report
8. Nature-based Solutions for the adaptation of cities in Latin America and the Caribbean
9. Is natural gas a good investment for Latin America and the Caribbean? From emissions to socioeconomic effects in the power sector
10. Analysis report on food waste situation in Bogota
11. Evaluating the opportunities for True Value Accounting to transform food systems
12. Greening the Blue Report 2022: The UN system's environmental footprint and efforts to reduce it
13. UNEP Second Global Report on Environmental Rule of Law
14. Asia Pacific regional review of knowledge and lessons learnt on SDGs Voluntary National Review process and reporting
15. Resource Efficiency regional outlook for West Asia
16. Global assessment of the nexus between natural resources migration and immobility
17. Global Food Cold Chain Status Report: Challenges, opportunities, and ways forward towards sustainability
18. Review of Gender Responsive Renewable Energy Programmes
19. Policy Brief Series on Strengthening Environment and Health Policies with Data on Investment Cost and the Cost of Inaction in the ASEAN Region
20. 2022 Global Status Report for Buildings and Construction
21. Fast Forward to 2050: Delivering the Ambition of the CBD Vision 2050 on Biodiversity
22. Artisanal gold mining and biodiversity: Restoring the balance.
23. Waste and Climate Change
24. Towards a circular and pollution-free electronics value chain: From regional to global action
25. "MOBIL" A Global Overview of Heavy-Duty Vehicles -Flow, Scale and Regulation
26. Land-ocean interaction - Disrupting the status quo
27. Ecosystem restoration and climate resilience: why restoration is important for adaptation
28. Environmental Impact of COVID 19 in West Asia Region
29. The Global Climate Litigation Report 2022
30. Building materials: How to address embodied carbon
31. EU4Environment technical report series
32. EU-UNEP Partnership: success stories of our cooperation
33. PAGE - Fiscal and non-fiscal enabling environment policies for a circular economy in Indonesia
34. Sustainability and circularity in textile value chain. Recommendations for action and a global roadmap
35. The Role of Environmental Public Interest Litigation in Advancing Environmental Rights in Southeast Asia
36. Towards a lasting positive change for people and the environment: Good practices to support environmental human rights defenders across the world
37. Responsible Business Conduct for Climate Action: Linking OECD standards with the UN Environment and UN Climate Change Agendas
38. 2021 Environmental Courts & Tribunals: A Guide for Policy Makers
39. Environmental Indicator Methodology Review
40. Assessment of climate change risks and impacts on the Carpathian forest ecosystems
41. Carpathian Convention Commitments for the implementation of the Post-2020 Global Biodiversity Framework

42. Watch out for Illegal HCFCs and HFCs: Lessons learnt from the Global Montreal Protocol Award for Customs and Enforcement Officers
43. The Montreal Protocol and Sustainable Development Goals
44. Mobilizing climate adaptation private sector investments
45. Lessons learned, recommendations and examples of South-South cooperation on transparency
46. UNDP, UNEP/10YFP Secretariat, UNFCCC: 2nd guidance note for integrating and implementing Circular Economy in Nationally Determined Contributions (NDCs).
47. Caucasus Environmental Outlook (CEO) 2.0
48. The economic potential of (ecosystem-based adaptation) interventions under Vanishing Treasures in Bhutan
49. SickWater+10 Report
50. Pollution Summary Report: Tracking Progress: where is the world in taking action to address pollution
51. 2050 Electrical & Electronic Waste Outlook in West Asia
52. KRU - Global Mercury Partnership Study report on mercury from oil and gas
53. National Implementation of Global Environmental Agreements in Gambia
54. Africa Environment Outlook for Business
55. Kenya Forest Resources Rapid Assessment Report
56. Mapping opportunities for cocoa agroforestry in Ghana: assessing its potential to contribute to national forest policy objectives, and ecosystem services co-benefits.
57. Synthesis paper: Developing methodologies for EbA M&E in the Thai water sector
58. Financing circularity in Africa
59. National Implementation of Global Environmental Agreements in Rwanda
60. Atlas for Africa's Rangelands and Grasslands
61. Atlas of Africa's Natural Capital: Catalysing the Achievement of Agenda 2063
62. Sports for Nature Report 2022
63. Playbook for Consumer Food Waste Behaviour Change
64. Nature and Mental Health
65. Measuring Progress: Water Ecosystems and the SDGs
66. Case studies on ecosystem-based approaches for resilient livelihoods in developing countries
67. Opportunities for scaling up the use of Ecosystem-based Adaptation
68. Pan-European Regional Assessment: Regional Assessment for the Pan-European Region
69. State of Finance for Nature
70. Global Peatlands Assessment - The State of the World's Peatlands
71. Climate and Transparency Reporting: Unlocking Higher Ambition
72. Environmental data, policy and the SDGs: Case Studies
73. Assessment of regional initiatives and national capacities for sustainable monitoring of Persistent Organic Pollutants
74. Short-term and longer term climate goals alignment efforts and challenges on the ground
75. UN toolbox on SDG 12 and SCP
76. Gulf Cooperation Council Environment Outlook
77. Harmonised reporting between the regional seas national reporting and CBD national reporting (NBSAP)
78. Regional Ocean Governance
79. Analysis of updated NDC
80. Strengthening Synergies: Mitigation Benefits from Achieving Global Biodiversity Targets
81. Investment case for action: National assessments on valuation of economic cost of action and inaction on environment and health (with focus on air quality, health, and climate) in Indonesia, Lao PDR and Thailand
82. Africa Integrated Assessment of Air Pollution and Climate Change
83. Breath of fresh air: A Story of Beating Air Pollution in Seoul, Incheon, and Gyeonggi (accompanied by Breath of fresh air: Good Practices on clean air for cities summary)

84. An Integrated Assessment for China's Paris and Air Quality Targets
85. Air pollution and public health in Serbia
86. Air Quality Progress Report - India
87. Joint UNEP-UNDP Assessment of Air Pollution in Kyrgyzstan's capital Bishkek
88. Financing a circular economy in Latin America & Caribbean
89. Nature-based Solutions: Synthesis Report
90. Nature-based Solutions (NbS) potentials for improved Urban Air Quality and resilience to COVID-19 Health outcomes in Kyrgyzstan and Tajikistan
91. Achieving one gigaton of emission reductions by 2025
92. The Area of Influence of site-based operations: Direct Impacts. Assigning buffer distances for high-level screening of biodiversity exposure based on direct impacts
93. Natural Capital Gap in Africa: costs and benefits of meeting the SDGs
94. Global Gap Report on closing the natural capital gap to meet the 2030 Action Agenda
95. Natural Capital Accounting for Sustainable Development in Ghana: Stakeholder mapping and user needs report
96. Impact Assessment for Corridors: From Infrastructure to Development Corridors
97. Feasibility study for a pooled fund in benefit of the Brazilian Legal Amazon
98. Bioclima Task 2 report
99. MAIA Deliverable 2.3 report (Horizon2020 project)
100.   CITES World Wildlife Trade Report
101.   World trade in crocodilian skins 2018-2020
102.   National landscape reviews on existing science -policy-practice platforms in eight African countries: Cabo Verde, Sierra Leone, Burkina Faso, CÃ´te dâ€˜Ivoire, Gabon, DR Congo, Ethiopia and Madagascar
103.   Feasible Indicators for Reporting on the Effectiveness of Protected Areas and Other Effective Areas - Rapid Evidence Review
104.   Planning action on nature: Using spatial planning approaches to implement the draft post-2020 global biodiversity framework
105.   Ecosystem Approach: Towards a practical application across Regional Seas Conventions and Action Plans
106.   Opportunities for addressing the climate change-biodiversity nexus in national ecosystem assessments
107.   Capturing Lessons Learned from National Ecosystem Assessments: Use of assessment findings - Volume III
108.   Nature Risk Framework report
109.   Transboundary protected areas
110.   Evaluating the degree to which marine and coastal elements are included in national biodiversity strategy and action plans
111.   COVID-19, a Warning: Addressing Environmental Threats and the Risk of Future Pandemics in Asia and the Pacific
112.   Global Methane Assessment: Baseline Methane Emissions Projections through 2030 and the Global Methane Pledge + Global Methane Assessment: Country Profiles
113.   Inclusive Wealth Report
114.   Achieving one gigaton of emission reductions by 2025
115.   COVID-19 and the Water Sector
116.   The environmental impact of the Ukraine conflict: A preliminary review

Technical Guides or Manuals
1. Building national biodiversity information supply and demand in Pan Europe
2. Sustainable Public Finance Framework - methodology and guidance
3. Tropical Forests and Biodiversity. An issue primer for religious leaders and faith communities.
4. Literature Referencing - NEA Initiative

5. Review process in a national ecosystem assessment - NEA Initiative
6. Best Pratice for data use, storage and curation in national ecosystem assessments - NEA Initiative
7. Confidence Terms in Ecosystem Assessments - NEA Initiative
8. Deciding on Scenarios - NEA Initiative
9. Getting Started on Scenarios - NEA Initiative
10. Tools for Audience Engagement - NEA Initiative
11. Development Corridors Partnership E-learning course
12. Indigenous & Local Knowledge Methods Guide - NEA Initiative
13. Factsheet on inspiring examples and case studies of national multistakeholder science-policy-practice platforms on biodiversity
14. Factsheet on Making the Business Case for National Multistakeholder Biodiversity and Ecosystem Services Science-Policy-Practice Platforms in Africa
15. Guidance on developing national biodiversity information systems
16. Monitoring, Evaluation and Reporting Framework for MEA's
17. Migratory connectivity briefing note - Proteus
18. Guidance on planning for the use of assessment findings - NEA Initiative
19. Climate change mitigation in the Endangered Landscapes Programme
20. Gender considerations in national ecosystem assessments - NEA Initiative
21. Literature Referencing - NEA Initiative
22. Review process in a national ecosystem assessment - NEA Initiative
23. Best Practice for data use, storage and curation in national ecosystem assessments - NEA Initiative
24. Confidence Terms in Ecosystem Assessments - NEA Initiative
25. Deciding on Scenarios - NEA Initiative
26. Getting Started on Scenarios - NEA Initiative
27. How to overcome barriers and develop successful business models to accelerate the rollout of electric mobility in LAC
28. Interoperability for electric vehicle charging in Latin America and the Caribbean. Practical guide of Recommendations
29. Life cycle assessment in the building sector in LAC
30. A guidebook on integration of the ozone depleting substances/ hydrofluorocarbons (ODS/HFCs) import/export licensing system into a national Single Window System
31. Good Practices on Vulnerable Ecosystem Restoration in China
32. A guidance document on the Sustainable Blue Economy-Transition Framework for the ASEAN region: Tools and methodologies to be applied and case studies and examples from the ASEAN and other regions on the Sustainable Blue Economy
33. Guidebook on Design and Implementation of Renewable Energy and Women Entrepreneurship Programme
34. Guidebook on Integration of Good Servicing Practices into National Qualification and Certification System
35. Air Pollutant Emission Inventory Guidebook for the States of the Gulf Cooperation Council, and Introductory Guidance on Air Emissions Dispersion Modelling
36. Gaps and analysis of Environmentally Persistent Pharmaceutical Pollutants (EPPPs)
37. Air Quality Modelling and Forecasting Guidebook for the States of the Gulf Cooperation Council
38. 10YFP Board/ECOSOC publication: A Global Strategy for SDG 12 and SCP
39. Promoting a Culture of Compliance: Penalties, remedies and other enforcement measures for domestic legislation related to the Montreal Protocol
40. Guidance for the Development of Polychlorinated Biphenyls (PCB) National Phase-out Plan
41. Gender Mainstreaming and the Montreal Protocol in Latin America
42. Communication to Combat Forest Crimes and Illegal Trade: A Handbook based on the findings of the knowledge, awareness and perception survey on forest crimes in the Lower Mekong Region and in China

43. Guidebook/Guideline on Mainstreaming Gender into the Implementation of the Montreal Protocol
44. Guide on Ambient Air Pollution Legislation
45. Guide on Enforcement of Domestic Legislation Implementing the Montreal Protocol
46. Gender Mainstreaming and Action Plan for the Disposal of Polychlorinated Biphenyl (PCB) in Southern Africa
47. Groundwater Platform and Regional Guidelines on Groundwater Management
48. Proteus technical brief
49. Recommendations for a standard on biodiversity measurement and valuation
50. Inclusive Wealth of Thailand
51. Playing for the Planet Alliance Annual Impact Report 2022
52. Single-use food plastic packaging and its alternatives: recommendations from Life Cycle Assessments
53. Guidance Manual for Dredging and Reclamation for GCC to Reduce Impacts on the Environment
54. Good Practices for Disposal of Polychlorinated Biphenyl (PCB) Contaminated Oil and Equipment in Southern Africa (title tbc)
55. Data Reporting Guide for National Ozone Units Article 7 and CP data reports
56. Update of the unified guidelines on sound management of chemicals in GCC countries based on the Strategic Approach to International Chemicals Management (SAICM) principle and the obligations of related MEAs

Non-technical Handbooks, Guidelines, Manuals, Toolkits
1. UN Decade on Ecosystem Restoration Global Monitoring Framework
2. Approaches to identifying locations for nature-based solutions
3. Spatial intelligence tools review
4. A consultation paper on fair, equitable and participative spatial planning with Indigenous People and Local Communities for climate and nature goals
5. Assessing the utility of global spatial data for national planning
6. Nature-related Opportunities report
7. Case Studies on the application of indicators to measurement of nature-related opportunities
8. Resilient by Nature: A Guide
9. NEA Initiative Communications Toolkit
10. ENCORE TNFD-aligned pilots
11. Guidance on implementing safeguards for REDD+ in Myanmar
12. NEA Initiative Stakeholder Engagement Toolkit
13. NEA Initiative Communications Toolkit
14. Guidance for developing national biodiversity information systems
15. Mainstreaming Youth Advocacy
16. Guidelines on Green Faith Festivals
17. MOBIL-Electric Mobility Toolkit
18. Training manual on tools and methods to integrate climate change, land use scenarios and biodiversity change in Bhutan
19. Gender mainstreaming fact sheet and guideline on waste management
20. Experiences of implementing the Nagoya Protocol
21. Africa guidance Manual on Waste lead Acid Battery
22. Solar Waste management and recycling
23. Impact Assessment for Corridors: From Infrastructure to Development Corridors
24. Discussion paper on sustainable procurement for environmentally persistent pharmaceutical pollutant (EPPPs)
25. Discussion paper on take-back programmes environmentally persistent pharmaceutical pollutants (EPPPs)
26. Marine Litter and Plastic Pollution: Developing and Implementing National Action Plans across source to sea and lifecycle - A guidance document

27. Developing an investment case for environment and health action: A Toolkit for the Assessment of Cost of Environment and Health Policies and Cost of Inaction in the ASEAN Region
28. SEA circular Solutions Report
29. Nature-based Infrastructure Solutions for the SDGs and Paris Agreement
30. Methodology for identifying and quantifying natural assets, ecosystem services, and a process for prioritizing solutions

Policy Briefs
1. Natural capital assessment of the Mozambique infrastructure and development corridor project
2. SPACES "Primer" - Integrating People, Climate and Nature into Spatial Planning to Support Land-Use Decision-Making
3. Unlocking the potential of new data and technologies that support spatial intelligence for nature and climate
4. Briefing note to promote the conceptual framework to policymakers
5. Spatial intelligence and target setting
6. Delivering on nature-positive for business: the role of spatial intelligence
7. The Benefits of Ecosystem Restoration: 11 Lessons Learned from an Analysis of 5 European Restoration Initiatives
8. Policy brief on the success of macroalgae restoration initiatives in terms of ecosystem service change, social and economic benefits
9. Natural capital assessment of the Mozambique infrastructure and development corridor project
10. Pricing forest carbon
11. Financing the Circular Economy in Latin America and the Caribbean / Financiando la Economia Circular en America Latina y el Caribe
12. CTCN Knowledge Brief Series: Harnessing Technological Innovation in the Circular Economy in Africa
13. CTCN Knowledge Brief Series: Food Systems Innovation in the Latin America and Caribbean Region
14. Climate and Economic Diversification Outlook: Net Zero Carbon Scenarios for the Energy Sector in West Asia
15. NDC related policy briefs
16. Cool Coalition Policy Brief: Unlocking finance for sustainable cooling
17. Women environmental human defenders - key messages
18. Sustainable Landscapes in Brazil: the policies, the actors, and the pathways to achieve the country's restoration and reforestation targets
19. Normative guidance on how best to invest in adaptation to bring about positive results, including investments in nature for adaptation results
20. Carpathian Mountains - Central Europe's Ecological backbone
21. Cool Coalition Policy Brief: Sustainable Health Cold-Chain: State of Play
22. GGKP - Global review of best practices for integrating natural capital in African development finance operations

Working Papers
1. Gap analysis on spatial data needed to achieve climate and nature objectives
2. Good Food Finance Network Brief 1
3. Good Food Finance Network Brief 2
4. Good Food Finance Network Brief 3
5. Mapping Environmentally Sensitive Assets: a new approach towards standardizing sensitivity mapping
6. Opinion piece on the assessment and reporting of dependencies on nature by companies
7. Using remote sensing to understand changes in biodiversity and carbon stocks
8. Towards A Green Rural Post Covid-19 Transition: Catalyzing green investment for an inclusive and sustainable rural transformation in support of jobs and ecological resilience and restoration.

9. ESKEN Knowledge Exchange Event Write Up
10. Pre-read for ESKEN Knowledge Exchange Event
11. International trade in non-CITES marine ornamental fish
12. The multiple benefits of Natural Climate Solutions
13. Resilient by Nature: Infrastructure publication
14. Fashion Pact report: Deep-dive analysis applying the under-development SBTN metrics for land, ecosystem services, and biodiversity to fashion-relevant supply chains
15. Spatial intelligence outreach materials
16. Trade history of United States turtle species
17. Priority topics, data and options for analysing mangrove ecosystem services and biodiversity in Myanmar - Scoping report
18. Working with indicators in national ecosystem assessments - NEA Initiative
19. Natural Capital Assessment - Ihemi, Tanzania
20. Natural Capital Assessment - Kilombero, Tanzania
21. Natural capital assessment of the Mozambique infrastructure and development corridor project
22. Opportunities and barriers to landscape restoration projects engaging with the voluntary carbon market
23. Brief on Regional Trends in Environmental Rule of Law and Human Rights in Asia Pacific
24. CTCN Knowledge Brief Series: Nature-based solutions to emerging water management challenges in the Asia-Pacific Region
25. Vanishing Treasures story map for Central Asia
26. The Compendium of Technologies for Treatment / Destruction of Healthcare Waste
27. GGKP - Green Finance Policy Effectiveness Framework
28. GGKP - Africa Regional Natural Capital Gaps in Achieving the SDGs
29. GGKP - Pathways to Gender Transformational Green Growth
30. Land Use, Ecosystem Services, and the Economy
31. IRP - Governing sustainability transitions in a resource dependent world
32. GGKP - Global Natural Capital Gaps in Achieving the SDGs
33. Discussion Paper on strengthening regional cooperation on air quality in Asia and the Pacific
34. Rapid Assessment on 'Food Systems Disruption'
35. Sustainable Food Systems as Infrastructure

Project Reports
1. The benefits of ecosystem restoration: an analysis of five European Restoration Initiatives
2. EMG Submission to Stockholm +50: Foreseeing the Future of our Responsibility and Opportunity
3. Regional biosecurity assessment report: Highlighting the status of biosecurity systems in India, Lao PDR and Vietnam
4. Lessons Learned from the promotion of Shared Environmental Information System (SEIS) principles in Central Asia
5. Public-Private Partnerships to Halve Food Waste by 2030
6. Regional Ecosystem Assessment in the Lancang-Mekong Basin for Sustainable Livelihoods: Baseline information for designing pilot activities on integrated ecosystem management in project sites in China and Cambodia
7. Enabling Resilience for All in Asia and the Pacific Region: The Critical Decade to Scale-up Climate Action
8. China Biodiversity Outlook
9. Transparency Pathways Report for LAC
10. Assessment of climate, biodiversity, and land use impacts of global transportation infrastructure development
11. Implementing the Dasgupta Review: Accelerating the Transformation to a Sustainable Economy
12. SUSTAIN: Scoping report outlining agreed industry classification and definitions for key concepts

13. Ecosystem-based Adaptation Stakeholder Dialogue Report
14. UNEP & Adaptation - What We Do
15. National Buildings and Construction Roadmap (Sri Lank and Burkina Faso)
16. Summary Report for Ambient Air Samplings under the UNEP GMP1 Projects
17. Review of facts, experience, achievements, and challenges in relation to POPs monitoring activities
18. Capacity building in the Africa, Asia, Pacific and GRULAC regions
19. Regional roadmaps for sustainable POPs monitoring
20. Regional Reports - UNEP/GEF POPs Global Monitoring Plan Projects under the Stockholm Convention
21. Organization and Outcomes of Four Interlaboratory Assessments on Persistent Organic Pollutants
22. Sectoral Reports - Concentrations of Persistent Organic Pollutants in Air, water and Human Milk
23. "How ""COUNTRY"" is Switching to SCP - Status Report 2022.
24. Eight country reports. One per SwitchMed country: Algeria, Egypt, Israel, Jordan, Lebanon, Morocco, Palestine and Tunisia.
25. Perceptions on Plastic Waste: Insights from businesses and consumers in Southeast Asia
26. An Overview of the CTCN's Third Programme of Work 2023-2027
27. An Analysis of the CTCN GCF Readiness Projects Portfolio: 2017 to 2022
28. CTCN Deep Dive Assessments: A closer look at the long-term impacts of CTCN technical assistance
29. 8th Asia-Pacific Climate Change Adaptation Forum Summary Report

Teaching Materials
1. Training Manual for Customs and Enforcement Officers: 4th Edition.
2. Advanced Training Programme for National Ozone Officers
3. Kigali Amendment
4. Training package for mercury monitoring to enhance national capacity to generate scientific data that meets international standards
5. NDC related training kits
6. Training package for mercury inventory and flow analysis to identify and monitor national mercury situation in its entire lifecycle
7. High-Resolution Hydrodynamic modelling for ROPME Area
8. Faith for Earth Series

Annual Reports
1. Proteus Annual Report
2. Financial and technical data collection and analysis report from SWH project demonstrations.
3. Credit instruments required to reach the level of ambition described in the National Solar Thermal Action Plan
4. Terminal Evaluation inception report
5. End-of-project market evaluation report
6. Quinto reporte regional de la movilidad electrica en America Latina
7. Status of Solar Photovoltaic Distributed Generation in LAC
8. The impact of electric mobility on employment in the Latin America and the Caribbean (LAC)
9. Global Methane Pledge Annual Report
10. UNEP FI Net-Zero Asset Owner Alliance Second Progress Report
11. Net-Zero Banking Alliance Collective Progress Report
12. UN Climate Technology Centre and Network (CTCN) 2022 Progress Report
13. 2021 Update on the Global Status of Legal Limits on Lead in Paint
14. Annual Report of the 9th International Lead Poisoning Prevention Week
15. World Water Quality Assessment Use Cases : refining the approach
16. An Eye on Methane: International Methane Emissions Observatory 2022 Report

17. IETC Annual Report 2021
18. IETC +30

Other
1. Policy and practice to stop open burning and dumping of municipal solid waste: lessons learned
2. 2022 Global Review of Sustainable Public Procurement
3. Net Zero & Nature Positive: Accelerating investment in forestry, food & other agricultural commodities towards climate, nature and sustainable development goals
4. CTCN Flagship Report
5. IRP Science-Based Target Strategy
6. Finance Innovation in Sustainable Food Systems
7. Assessment of current flows of domestic and international capital going into the forestry sector in Lower Mekong Region.
