

**Kenya's Closing remarks during the 9th Annual CPR Meeting
on 28th October,2022**

I thank you chair for the opportunity,

As we agree with Malawi and other member states to provide our inputs to your summary later

Kenya would like to thank you Chair for steering this meeting in a very able way.

We thank the Executive Director and her team for her leadership in organising this meeting.

I recall just a few days ago when we began, we sought that this would be a fruitful meeting.

Indeed, my delegation and all can attest to the fact that the meeting has been very fruitful and informative.

Happening just on the eve of COP 27, my delegation wishes to acknowledge that it would not have come at a better time.

We as host would like to thank all the delegations that have come to attend and wish them a wonderful time in our country and a safe travel back home.

I thank you!
