**SAVE THE OZONE LAYER FOR OUR FUTURE,
NOW!**

HOW TO?

- Understand and apply the Montreal Protocol and The Kigali Amendment in daily life
- Using alternative energy And save energy use.
- Reduce the use of motorized vehicles
- Avoiding the use of ozone-depleting substances (HCFC and CFCs) and reducing CO₂ pollution
- Use local and eco-friendly products
- Use fertilizer formulations and additives that can reduce emissions
 - Do reforestation and tree planting
 - Manage waste properly so it doesn't pollute
 - Protect the ocean, because the ocean is capable of producing more than 50% of the oxygen we use.
 - Preserve and protect what we have now, so that we can pass it on to future generations.
