

Reference: Not-INC-2023-0004

27 January 2023

Dear Madam/Sir,

I am sending a follow-up to my message of 20 January on behalf of the Chair of the INC to develop a legally binding instrument on plastic pollution, including in the marine environment. Please be informed that due to demand from stakeholders, we have added a second stakeholder webinar.

Webinar 1: 31 January 2023, from 16:00-17:30 EAT (+3 GMT). You can find the pre-registration link for the meeting [here](#).

Webinar 2: 2 February 2023, from 16:00-17:30 EAT (+3 GMT). You can find the pre-registration link for the meeting [here](#).

To proceed with registration please click on "Register" under "Event Status"; you will receive the webinar link with the confirmation of registration.

The purpose of these webinars is to provide the space for interested stakeholders to present the main ideas and concepts from their written submissions regarding the options for elements towards an international legally binding instrument, to be considered at the INC 2. The session will be exclusively dedicated to interventions from stakeholders.

The list of presenting stakeholders is published on the meeting page under the events tab:
<https://www.unep.org/events/conference/second-session-intergovernmental-negotiating-committee-develop-international>.

Please note that the webinar will be in English only, and no simultaneous translation will be provided. The recordings of these webinars will be available on the INC website following the event for those who are unable to join.

Yours sincerely,

Signed

Jyoti Mathur-Filipp
Executive Secretary
Secretariat for the INC on Plastic Pollution
