1	The SiBBr faced several obstacles in its design and implementation. In order to improve the likelihood of success of future GEF UNEP projects, this TE recommends for UNEP to improve its guidance on the design and the implementation of GEF projects of this nature (i.e. full sized projects that involve several stakeholders and/or that are under National Implementation Modality). The TE considers that UNEP should strengthen guidance on these 10 topics to improve	UNEP should improve guidance for the design and implementation of future GEF projects of this nature.
