MEDITERRANEAN ACTION PLAN

18th Ordinary Meeting of the Contracting Parties to
the Convention for the Protection of the Marine Environment
and the Coastal Region of the Mediterranean and its Protocols

Istanbul, Turkey, 3-6 December 2013

Corrigendum

Draft Decisions for the 18th Meeting of the Contracting Parties

(Proposed amendments to the text of Draft Decision IG.21/6 “Amendments of the Annexes II and III to the Protocol concerning Specially Protected Areas and Biological Diversity in the Mediterranean”)

This corrigendum is necessary as the Draft Decision IG.21/6 “Amendments of the Annexes II and III to the Protocol concerning Specially Protected Areas and Biological Diversity in the Mediterranean” inadvertently omitted the new species in the Annexes II and III which resulted from the Decision IG.20/5 adopted at COP17 (Paris, 2012) amending the Annexes II and III to the Protocol concerning Specially Protected Areas and Biological Diversity in the Mediterranean and which is now in force.

Therefore, the lists, which appear in the pages 138 to 140 in the English version of document UNEP(DEPI)/MED IG.21/5, have now been completed and are hereby enclosed.

The corrections made are as follows:

The following species: *Gymnogongrus crenulatus* (Turner) J. Agardh ; *Fucus virsoides* J. Agardh and *Sphaerococcus rhizophylloides* J.J. Rodríguez, were moved from Heterokontophyta to Rhodophyta.

The species *Lethenteron zanandreae* (Vladykov, 1955) was inserted in the right place within the list of Pisces.
