DUMPING PROTOCOL											
Implementation					Areas for Improvement						
Article or Provision	No.	Question	Status of Implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 4 Par. 1	1	Has the Party introduced appropriate national legislation to prohibit dumping of wastes and or other matters, with the exception of those listed in Article 4, Par. 2 of the Protocol	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						
Art. 4 Par. 1	2	During the reporting period, were there any dumping incidents of wastes (with the exception of those listed in article 4.2) within the Party's national territorial waters?	Yes		In order to prevent dumping incidents, there is a need for:						
			No								
Art. 5	3	Has the Party introduced appropriate national legislation for issuing permits prior to dumping of any wastes listed in Article 4, Par. 2 of the Protocol	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						

DUMPING PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 5	4	Did the Party's national authorities issue permits for the dumping of wastes that are listed in article 4.2 of the Dumping Protocol?	Yes								
			No		In order to issue permits, there is a need for:						
			NA		No permits for the dumping of wastes were requested during the reporting period						
Art. 6 Par. 1	5	When permits were issued, did the Party's national authorities consider factors or criteria set forth in the Annex to the Dumping Protocol?	Yes								
			Sometimes		In order to consider factors or criteria, there is a need for:						
			No		In order to consider factors or criteria, there is a need for:						
			NA		Permits were not issued during the reporting period						

DUMPING PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 6 Par. 1	8	When permits were issued, did the Party's national authorities consider guidelines on platforms and other man-made structures at sea, which were adopted by the meeting of the Contracting Parties for the Dumping Protocol?	Yes								
			Sometimes		In order to consider the guidelines, there is a need for:						
			No		In order to consider the guidelines, there is a need for:						
			NA		Permits were not issued during the reporting period						
Art. 6 Par. 1	9	When permits were issued, did the Party's national authorities consider guidelines on inert uncontaminated geological materials, which were adopted by the meeting of the Contracting Parties for the Dumping Protocol?	Yes								
			Sometimes		In order to consider the guidelines, there is a need for:						
			No		In order to consider the guidelines, there is a need for:						
			NA		Permits were not issued during the reporting period						
Art. 7	10	During the reporting period, were there any incineration incidents of wastes within the Party's national territorial waters?	Yes		In order to prevent incineration incidents at sea, there is a need for:						
			No								

DUMPING PROTOCOL											
Level of Implementation					Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges (<i>tick the appropriate scenarios</i>)					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8	11	When dumping incidents due to <i>force majeure</i> occurred, were reports raised immediately by the Party to the Organization on ALL dumping incidents (in order to inform the Contracting Parties to be affected)?	Yes								
			Sometimes		In order to raise reports on dumping incidents, there is a need for:						
			No		In order to raise reports on dumping incidents, there is a need for:						
			NA		No dumping incidents due to <i>force majeure</i> occurred during the reporting period						
Art. 9	12	In critical situations of an exceptional nature, when the Party asked the Organization to provide recommendations for methods of storage, or destruction, or disposal of wastes, were these recommendations promptly implemented?	Yes								
			Sometimes		In order to implement the recommendations promptly, there is a need for:						
			No		In order to implement the recommendations promptly, there is a need for:						
			NA		There were no critical situations requiring the provision of recommendations by the Organization						

DUMPING PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 10 Par. 1(b)	13	Did the Party keep records about the nature and quantities of wastes or other matter that was permitted to be dumped, including location, date, and method of dumping?	Yes							
			Sometimes		In order to keep the records, there is a need for:					
			No		In order to keep the records, there is a need for:					
			NA		There were no dumping incidents which required the generation of such records					
Art. 11 Par. 1(a)	14	Has the Party introduced appropriate national legislation to implement the Protocol to ships and aircraft registered in its territory or flying its flag?	Yes							
			Under development		In order to introduce national legislation, there is a need for:					
			No		In order to introduce national legislation, there is a need for:					
Art. 11 Par. 1(a)	15	During the reporting period, were the Dumping Protocol measures being applied to ALL ships and aircraft registered in the Party's territory or flying the Party's flag?	Yes							
			No		In order to apply the Protocol's measures, there is a need for:					
			NA		There were no ships or aircraft registered in the Party's territory during the reporting period					

DUMPING PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 11 Par. 1(b)	16	Has the Party introduced appropriate national legislation to implement the Protocol to ships and aircraft loading in its territory wastes or other matter?	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						
Art. 11 Par. 1(b)	17	During the reporting period, were the Dumping Protocol measures applied to ALL ships and aircraft loading in the Party's territory wastes or other matter, which are to be dumped?	Yes								
			No		In order to apply the Protocol's measures, there is a need for:						
			NA		There were no ships or aircraft loading wastes during the reporting period						
Art. 11 Par. 1(c)	18	Has the Party introduced appropriate national legislation to implement the Protocol to ships and aircraft believed to be engaged in dumping in areas under its jurisdiction?	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						

DUMPING PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 11 Par. 1(c)	19	During the reporting period, were the Dumping Protocol measures applied to ALL ships and aircraft believed to be engaged in dumping in areas under the Party's jurisdiction?	Yes								
			No		In order to apply the Protocol's measures, there is a need for:						
			NA		There were no ships or aircraft engaged in dumping during the reporting period						
Art. 12	20	Has the Party introduced appropriate national legislation to establish maritime inspection of ships and aircrafts or other service to report any incident or conditions on the Mediterranean Sea if dumping in contravention of the Protocol had occurred or was about to occur?	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						
Art. 12	21	Were instructions being issued to the Party's maritime inspection ships and aircraft in order to report to the authorities any incidents or conditions which give rise to suspicions that dumping in contravention of the provision of this Protocol has occurred or is about to occur?	Yes								
			No		In order to issue instructions to maritime inspection ships and aircraft, there is a need for:						
			NA		The Party did not own any maritime inspection ships and aircraft during the reporting period						

DUMPING PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 12	22	Has the Party reported to other Contracting Parties any dumping incidents or suspicions that dumping in contravention of the provision of this Protocol has occurred or is about to occur?	Yes							
			Sometimes		In order to raise reports on dumping incidents, there is a need for:					
			No		In order to raise reports on dumping incidents, there is a need for:					
			NA		Dumping incidents, or suspicions there of, did not occur during the reporting period					
Art. 13	23	Has the Party adopted other measures in addition to those required in the Dumping Protocol to prevent pollution due to dumping in the territorial waters?	Yes							
			No		In order to adopt other measures, there is a need for:					
All Articles	24	Given the status of implementation of the Dumping Protocol, is there any evidence of improvements in the marine environment due to the control of dumping activities?	Yes							
			No		In order to see improvements in the marine environment, there is a need for:

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 3 Par. (b)	1	Do measures for reduction of pollutants from land based-sources cover the entire hydrologic basin bordering the shoreline of the Mediterranean Sea?	Yes								
			No		In order to apply measures for the entire hydrologic basin area, there is a need for:						
Art. 4 Par. 1(a)	2	Do measures include, in addition to point sources, diffuse sources?	Yes								
			No		In order to include measures for diffuse sources, there is a need for:						
Art. 4 Par. 1(b)	3	Do measures include substances transported by the atmosphere to the Mediterranean Sea Area?	Yes								
			No		In order to include measures for substances transported by the atmosphere, there is a need for:						
Art. 5 Par. 1, 2	4	Do measures contain timetables to phase out inputs of substances (listed in Annex I of the Protocol) that are toxic, persistent, and liable to bioaccumulate?	Yes								
			No		In order to include measures for phasing out inputs of substances that are toxic, persistent, and liable to bioaccumulate, there is a need for:						

LBS PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 5 Par. 3	5	Has the Party adopted priority measures e.g. SAP and their timetables for reduction of pollutants originating from land-based sources and activities?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to adopt the priority measures and their timetables, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Art. 5 Par. 4	6	Has the Party applied measures that take into account the contents of the guidelines issued by the Organization concerning BAT, BEP and CT?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Sometimes	<input type="checkbox"/>	In order to apply measures that take into account the Organization guidelines concerning BAT, BEP and CT, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to apply measures that take into account the Organization guidelines concerning BAT, BEP and CT, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Art. 5 Par. 4	7	Has the Party applied measures that take into account the criteria set forth in Annex IV of the Protocol?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Sometimes	<input type="checkbox"/>	In order to apply measures that take into account the criteria set forth in Annex IV, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to apply measures that take into account the criteria set forth in Annex IV, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

LBS PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 5 Par. 5	8	Has the Party introduced appropriate national legislation to reduce to the minimum the pollution caused by accidents?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Under development	<input type="checkbox"/>	In order to introduce national legislation, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to introduce national legislation, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Art. 5 Par. 5	9	Has the Party applied measures that incorporate mechanisms allowing for the implementation of preventive measures to reduce the risk of pollution caused by accidents?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Sometimes	<input type="checkbox"/>	In order to incorporate mechanisms that allow for the implementation of preventive measures, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to incorporate mechanisms that allow for the implementation of preventive measures, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Art. 6 Par. 1	10	Are point discharges in the Protocol Area, as defined in article 3(a), (c), and (d), subject to authorization or regulation by the Party's competent authorities?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to have point discharges subject to authorization or regulation, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 6 Par. 2	11	Has the Party's competent authorities provided for systems of inspection to assess compliance with authorizations and regulations?	Yes								
			Sometimes		In order to have systems of inspection to assess compliance with regulations, there is a need for:						
			No		In order to have systems of inspection to assess compliance with regulations, there is a need for:						
			NA		No authorizations were issued during the last reporting period						
Art. 6 Par. 4	12	Has the Party applied sanctions in case of non-compliance with authorizations and regulations	Yes								
			Sometimes		In order to apply sanctions in case of non-compliance, there is a need for:						
			No		In order to apply sanctions in case of non-compliance, there is a need for:						
			NA		No cases of non-compliance were recorded during the last reporting period						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 1(a)	13	Has the Party's competent authorities adopted guidelines e.g. MED POL guidelines dealing with pipelines for coastal outfalls as stipulated for in article 1(a) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
Art. 7 Par. 1(a)	14	Has the Party's competent authorities adopted standards dealing with pipelines for coastal outfalls as stipulated for in article 1(a) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
Art. 7 Par. 1(a)	15	Has the Party's competent authorities adopted criteria dealing with pipelines for coastal outfalls as stipulated for in article 1(a) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
Art. 7 Par. 1(b)	16	Has the Party's competent authorities adopted the guidelines e.g. MED POL guidelines dealing with effluents necessitating separate treatment as stipulated for in article 1(b) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 1(b)	17	Has the Party's competent authorities adopted standards dealing with effluents necessitating separate treatment as stipulated for in article 1(b) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
Art. 7 Par. 1(b)	18	Has the Party's competent authorities adopted criteria dealing with effluents necessitating separate treatment as stipulated for in article 1(b) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
Art. 7 Par. 1(c)	19	Has the Party's competent authorities adopted the guidelines dealing with the quality of seawater as stipulated for in article 1(c) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
Art. 7 Par. 1(c)	20	Has the Party's competent authorities adopted standards dealing with the quality of seawater as stipulated for in article 1(c) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 1(c)	21	Has the Party's competent authorities adopted criteria dealing with the quality of seawater as stipulated for in article 1(c) of the Protocol?	Yes								
			Under development		In order to adopt the criteria, there is a need for:						
			No		In order to adopt the criteria, there is a need for:						
Art. 7 Par. 1(d)	22	Has the Party's competent authorities adopted guidelines dealing with the progressive replacement of products, installations, and industrial processes, as stipulated for in article 1(d) of the Protocol?	Yes								
			Under development		In order to adopt the guidelines, there is a need for:						
			No		In order to adopt the guidelines, there is a need for:						
Art. 7 Par. 1(d)	23	Has the Party's competent authorities adopted standards dealing with the progressive replacement of products, installations, and industrial processes, as stipulated for in article 1(d) of the Protocol?	Yes								
			Under development		In order to adopt the standards, there is a need for:						
			No		In order to adopt the standards, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 1(d)	24	Has the Party's competent authorities adopted criteria dealing with the progressive replacement of products, installations, and industrial processes, as stipulated for in article 1(d) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the criteria, there is a need for:						
Art. 7 Par. 1(e)	25	Has the Party's competent authorities adopted guidelines dealing with the special requirements for quantities of substances discharged as stipulated for in article 1(e) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the guidelines, there is a need for:						
Art. 7 Par. 1(e)	26	Has the Party's competent authorities adopted standards dealing with the special requirements for quantities of substances discharged as stipulated for in article 1(e) of the Protocol?	Yes	<input type="checkbox"/>							
			Under development	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						
			No	<input type="checkbox"/>	In order to adopt the standards, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 1(e)	27	Has the Party's competent authorities adopted criteria dealing with the special requirements for quantities of substances discharged as stipulated for in article 1(e) of the Protocol?	Yes								
			Under development		In order to adopt the criteria, there is a need for:						
			No		In order to adopt the criteria, there is a need for:						
Art. 7 Par. 2	28	Has the Party adopted guidelines that take into account local ecological, geographical, and physical characteristics, in addition to the economic capacity of the country?	Yes								
			Sometimes		In order to take into account in the adopted guidelines the local ecological, geographical, and physical characteristics, there is a need for:						
			No		In order to take into account in the adopted guidelines the local ecological, geographical, and physical characteristics, there is a need for:						
			NA		Guidelines were not adopted in the last reporting period						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 2	29	Has the Party adopted standards that take into account local ecological, geographical, and physical characteristics, in addition to the economic capacity of the country?	Yes								
			Sometimes		In order to take into account the local ecological, geographical, and physical characteristics, there is a need for:						
			No		In order to take into account the local ecological, geographical, and physical characteristics, there is a need for:						
			NA		Standards were not adopted in the last reporting period						
Art. 7 Par. 2	30	Has the Party adopted criteria that take into account local ecological, geographical, and physical characteristics, in addition to the economic capacity of the country?	Yes								
			Sometimes		In order to take into account the local ecological, geographical, and physical characteristics, there is a need for:						
			No		In order to take into account the local ecological, geographical, and physical characteristics, there is a need for:						
			NA		Criteria were not adopted in the last reporting period

Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 7 Par. 3	3	Has the Party applied measures that take into account the capacity to adapt and <u>reconvert existing installations</u> , and the economic capacity of the country?	Yes							
	?1		Sometimes		In order to apply measures that take into account the capacity to adapt and reconvert existing installations, there is a need for:					
			No		In order to apply measures that take into account the capacity to adapt and reconvert existing installations, there is a need for:					
Art. 8 Par. (a)	32	Has the Party carried monitoring activities in a systematic way to assess the levels of pollution for substances listed in Annex I of the Protocol	Yes							
			Sometimes		In order to carry monitoring activities in a systematic way to assess the levels of pollution for substances listed in Annex I, there is a need for:					
			No		In order to carry monitoring activities in a systematic way to assess the levels of pollution for substances listed in Annex I, there is a need for:					

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8 Par. (a)	33	During the last reporting period, has the Party monitored Organohalogen compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Organohalogen compounds, there is a need for:						
Art. 8 Par. (a)	34	During the last reporting period, has the Party monitored Organophosphorus compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Organophosphorus compounds, there is a need for:						
Art. 8 Par. (a)	35	During the last reporting period, has the Party monitored Organotin compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Organotin compounds and substances, there is a need for:						
Art. 8 Par. (a)	36	During the last reporting period, has the Party monitored Polycyclic aromatic hydrocarbon compounds listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Polycyclic aromatic hydrocarbon compounds, there is a need for:						

LBS PROTOCOL											
Level of Implementation					Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8 Par. (a)	37	During the last reporting period, has the Party monitored Heavy metal and their compounds listed in Annex I of the Protocol?	Yes								
			No		In order to monitor Heavy metal compounds, there is a need for:						
Art. 8 Par. (a)	38	During the last reporting period, has the Party monitored lubricating oils listed in Annex I of the Protocol?	Yes								
			No		In order to monitor lubricating oils , there is a need for:						
Art. 8 Par. (a)	39	During the last reporting period, has the Party monitored Radioactive substances listed in Annex I of the Protocol?	Yes								
			No		In order to monitor Radioactive substances, there is a need for:						
Art. 8 Par. (a)	40	During the last reporting period, has the Party monitored Biocides and their derivatives listed in Annex I of the Protocol?	Yes								
			No		In order to monitor Biocides and their derivatives, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8 Par. (a)	41	During the last reporting period, has the Party monitored Pathogenic microorganisms listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Pathogenic microorganisms , there is a need for:						
Art. 8 Par. (a)	42	During the last reporting period, has the Party monitored Crude oils and hydrocarbons of petroleum origin listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Crude oils and hydrocarbons of petroleum origin , there is a need for:						
Art. 8 Par. (a)	43	During the last reporting period, has the Party monitored Cyanides and fluorides listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Cyanides and fluorides , there is a need for:						
Art. 8 Par. (a)	44	During the last reporting period, has the Party monitored non-biodegradable detergents and other non-biodegradable surface-active substances compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor non-biodegradable detergents and other non-biodegradable compounds and substances, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8 Par. (a)	45	During the last reporting period, has the Party monitored nitrogen and phosphorus compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor nitrogen and phosphorus compounds, there is a need for:						
Art. 8 Par. (a)	46	During the last reporting period, has the Party monitored litter compounds and substances listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor litter compounds and substances, there is a need for:						
Art. 8 Par. (a)	47	During the last reporting period, has the Party monitored Thermal discharges listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Thermal discharges , there is a need for:						
Art. 8 Par. (a)	48	During the last reporting period, has the Party monitored Acid or Alkaline compounds, which may impair the quality of water listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Acid or Alkaline compounds, there is a need for:						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 8 Par. (a)	49	During the last reporting period, has the Party monitored Non-toxic substances that have an adverse effect on the oxygen content of the marine environment listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Non-toxic substances that have an adverse effect on the oxygen content of the marine environment, there is a need for:						
Art. 8 Par. (a)	50	During the last reporting period, has the Party monitored Non-toxic substances that may interfere with any legitimate use of the sea listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Non-toxic substances that may interfere with any legitimate use of the sea , there is a need for:						
Art. 8 Par. (a)	51	During the last reporting period, has the Party monitored Non-toxic substances that may have adverse effects on the physical or chemical characteristics of seawater listed in Annex I of the Protocol?	Yes	<input type="checkbox"/>							
			No	<input type="checkbox"/>	In order to monitor Non-toxic substances that may have adverse effects on the physical or chemical characteristics of seawater , there is a need for:						

LBS PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 8 Par. (b)	52	Based on past monitoring records, has the Party seen any improvements in the levels of pollution after the implementation of actions plans, programmes and measures implemented under the LBS Protocol?	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Sometimes	<input type="checkbox"/>	In order to see improvements in the levels of pollution, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to see improvements in the levels of pollution, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			NA	<input type="checkbox"/>	Action plans and programmes have been implemented to date	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Art. 8	53	Has the public have access to the findings of monitoring campaigns carried out by the Party	Yes	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			Sometimes	<input type="checkbox"/>	In order to have access to findings of monitoring campaigns, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			No	<input type="checkbox"/>	In order to have access to findings of monitoring campaigns, there is a need for:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
			NA	<input type="checkbox"/>	Monitoring campaigns were not carried out in the last reporting period	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 9	54	Has the Party cooperated with other Parties to the Barcelona Convention for exchange of scientific and technical information, or for coordination of research programmes, or in transfer in environmentally sound technologies in areas related to pollution from land-based sources?	Yes								
			Sometimes		In order to cooperate with other Parties to the Convention for exchange of scientific and technical information, or for coordination of research programmes, or in transfer in environmentally sound technologies, there is a need for:						
			No		In order to cooperate with other Parties to the Convention for exchange of scientific and technical information, or for coordination of research programmes, or in transfer in environmentally sound technologies, there is a need for:						
			NA		There were no scientific and technical information or research programmes that could be exchanged in the last reporting period						

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 10 Par. 1	55	Has the Party cooperated bilaterally or multilaterally in the development or implementation of assistance programmes for phasing out the inputs of pollutants from land-based sources and activities?	Yes								
			Sometimes		In order to cooperate bilaterally or multilaterally in the development or implementation of assistance programmes for phasing out the inputs of pollutants, there is a need for:						
			No		In order to cooperate bilaterally or multilaterally in the development or implementation of assistance programmes for phasing out the inputs of pollutants, there is a need for:						
			NA		Assistance programmes for phasing out the inputs of pollutants were not developed in the last reporting period						

LBS PROTOCOL												
Level of Implementation				Areas of Improvement								
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>						
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation	
Art. 13 Par. 2	56	Has the Party submitted to Organization in the past two years reports with statistical data on authorizations?	Yes									
			Sometimes		In order to submit reports with statistical data on authorizations, there is a need for:							
			No		In order to submit reports with statistical data on authorizations, there is a need for:							
			NA		No reports with statistical data on authorizations were produced in the last reporting period							
Par. 2Art. 13	57	Has the Party submitted to the Organization in the past two years reports with monitoring data?	Yes									
			Sometimes		In order to submit reports with monitoring data, there is a need for:							
			No		In order to submit reports with monitoring data, there is a need for:							
			NA		There were no monitoring data obtained in the last reporting period							

LBS PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 13 Par. 2	58	Has the Party submitted to the Organization in the past two years reports on polluting substances and their discharged quantities?	Yes								
			Sometimes		In order to submit reports on polluting substances and their discharged quantities, there is a need for:						
			No		In order to submit reports on polluting substances and their discharged quantities, there is a need for:						
			NA		There were no monitoring data on substances, including discharged quantities, in the last reporting period						
All Articles	59	Given the status of implementation of the LBS Protocol, is there any evidence of improvements in the marine environment due to the control of discharge of pollutants originating from land-based activities?	Yes								
			No		In order to see improvements in the marine environment, there is a need for:

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 4 Par. 1	1	Has the Party of the wastes other than those listed in Annex I of the Hazardous Wastes Protocol, which are considered or defined as hazardous under its national legislation?	Yes								
			No		In order to inform the Organization of the list of wastes, there is a need for:						
			NA		The Party has not ratified the Barcelona Convention for the Protection of the Mediterranean Sea against Pollution, which was adopted at Barcelona in 1976, and amended in 1995						
Art. 4 Par. 1	2	Has the Party of any requirements concerning transboundary movement procedures applicable to wastes other than those listed in Annex I of the Hazardous Wastes Protocol, which are considered or defined as hazardous under its national legislation?	Yes								
			No		In order to inform the Organization of any requirements concerning the transboundary movement procedures, there is a need for:						
			NA		The Party has not ratified the Barcelona Convention for the Protection of the Mediterranean Sea against Pollution, which was adopted at Barcelona in 1976, and amended in 1995						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 5 Par. 1	3	Has the Party adopted appropriate measures to prevent, abate and eliminate pollution in the Mediterranean Sea caused by transboundary movements and disposal of hazardous wastes?	Yes								
			No		In order to adopt measures to prevent, abate and eliminate pollution, there is a need for:						
Art. 5 Par. 1	4	Based on existing records, were the implemented measures effective in preventing, abating and eliminating pollution caused by transboundary movements and disposal of hazardous wastes?	Yes								
			No		In order for the implemented measures to be effective, there is a need for:						
			NA		No measures related to preventing, abating and eliminating pollution by transboundary movements and disposal of hazardous wastes were implemented						
Art. 5 Par. 2	5	Has the Party introduced appropriate national legislation to reduce to a minimum, and where possible, eliminate the generation of hazardous wastes?	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						

HAZARDOUS WASTES PROTOCOL

Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 5 Par. 4	12	Has the Party implemented appropriate measures to prohibit the export/import and transit of hazardous wastes?	Yes								
			No		In order to implement measures to prohibit the export/import and transit of hazardous wastes, there is a need for:						
Art. 5 Par. 4	13	Based on existing records, were the implemented measures effective in prohibiting the export/import and transit of hazardous wastes?	Yes								
			No		In order for the implemented measures to be effective, there is a need for:						
			NA		No measures for prohibiting the export/import and transit of hazardous wastes were implemented						
Art. 5 Par. 5	14	Has the Party cooperated with UN agencies and other organizations in order to prevent the illegal traffic of hazardous wastes?	Yes								
			No		In order for cooperation with UN agencies to take place, there is a need for:						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 5 Par. 5	15	Has the Party introduced appropriate national legislation to prevent illegal traffic of hazardous wastes, including criminal punishment measures?	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						
Art. 5 Par. 5	16	Has the Party implemented appropriate measures to prevent illegal traffic of hazardous wastes, including criminal punishment measures?	Yes								
			No		In order to implement measures to prevent illegal traffic of hazardous wastes, there is a need for:						
Art. 5 Par. 5	17	Based on existing records, were the implemented measures effective in preventing the illegal traffic of hazardous wastes	Yes								
			No		In order for the implemented measures to be effective, there is a need for:						
			NA		No measures in preventing the illegal traffic of hazardous wastes were implemented						

HAZARDOUS WASTES PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 6 Par. 1	18	Has the Party exported hazardous wastes due to lack of environmentally sound disposal facilities in its country?	Yes							
			No							
Art. 6 Par. 2	19	Does the Party have approved disposal facilities that are capable of receiving hazardous wastes' exports from other countries?	Yes							
			No		In order to possess approved disposal facilities for hazardous wastes, there is a need for					
Art. 6 Par. 3	20	Did the Party notify in writing countries to which hazardous wastes will be exported, and obtained their prior written consent prior to the transboundary movement of these wastes?	Yes							
			No		In order to notify other Parties in writing, there is a need for:					
			NA		There are no records of exports of hazardous wastes					
Art. 6 Par. 4	21	Did the Party notify in writing countries through which hazardous wastes will pass in transit, and obtained their prior written consent prior to the transboundary movement of these wastes?	Yes							
			No		In order to notify other Parties in writing, there is a need for:					
			NA		There are no records of exports of hazardous wastes					

HAZARDOUS WASTES PROTOCOL										
Level of Implementation				Areas of Improvement						
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>				
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information
Art. 6 Par. 5	22	Has the Party introduced appropriate national legislation to ensure that transboundary movement of hazardous wastes is consistent with international safety standards set out in the Basel Convention?	Yes							
			Under development		In order to introduce national legislation, there is a need for:					
			No		In order to introduce national legislation, there is a need for:					
Art. 6 Par. 5	23	Has the Party implemented appropriate measures to ensure that transboundary movement of hazardous wastes is consistent with international safety standards set out in the Basel Convention?	Yes							
			No		In order to implement measures to ensure that transboundary movement of hazardous wastes is consistent with international safety standards set out in the Basel Convention, there is a need for:					
Art. 6 Par. 5	24	Based on existing records, were the implemented measures effective in ensuring that transboundary movement of hazardous wastes is consistent with international safety standards set out in the Basel Convention?	Yes							
			No		In order for the implemented measures to be effective, there is a need for:					
			NA		No measures were implemented					

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 7 Par. 6	25	Has the Party re-imported any hazardous wastes in the past by reason of impossibility of performance of the contracts relating to the movement and disposal of hazardous wastes	Yes								
			No								
			NA		There are no records of re-imports of hazardous wastes						
Art. 8 Par. 1	26	Has the Party cooperated with other Contracting Parties in the scientific and technological fields related to reducing and eliminating pollution from hazardous wastes?	Yes								
			No		In order for cooperation with other Contracting Parties to take place, there is a need for:						
			NA		There were no scientific and technological programmes for which cooperation was required						
Art. 8 Par. 2	27	Did the Party submit annual reports to the Organization regarding hazardous wastes it generated and transferred in the Mediterranean Sea?	Yes								
			No		In order to submit annual reports to the Organization, there is a need for:						
Art. 8 Par. 3	28	Does the Party have mechanisms in place to ensure that clean production methods are applied to production processes?	Yes								
			No		In order to ensure that mechanisms for applying clean production processes are in place, there is a need for:						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 9 Par. 2	29	Has the Party introduced appropriate national legislation to prevent and punish illegal traffic of hazardous wastes, including criminal penalties on all persons involved in such illegal activities	Yes								
			Under development		In order to introduce national legislation, there is a need for:						
			No		In order to introduce national legislation, there is a need for:						
Art. 9 Par. 2	30	Based on existing records, has the Party's national legislation been effective in preventing illegal traffic of hazardous wastes?	Yes								
			Sometimes		In order for the legislation to be effective, there is a need for:						
			No		In order for the legislation to be effective, there is a need for:						
			NA		No national legislation has been introduced to prevent the illegal traffic of hazardous wastes						
Art. 9 Par. 3	31	When illegal traffic of hazardous wastes was detected, were the hazardous wastes returned by the Party into the State of export?	Yes								
			Sometimes		In order for the hazardous wastes to be returned to the State of export, there is a need for:						
			No		In order for the hazardous wastes to be returned to the State of export, there is a need for:						
			NA		There is no evidence of illegal trafficking of hazardous wastes						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 9 Par. 4	32	When illegal traffic of hazardous wastes was detected, were the hazardous wastes disposed off in an environmentally friendly manner by the State of import within 30 days from the time the illegal traffic has come to the attention of the State of import?	Yes								
			Sometimes		In order for hazardous wastes to be disposed off in an environmentally friendly manner within 30 days, there is a need for:						
			No		In order for hazardous wastes to be disposed off in an environmentally friendly manner within 30 days, there is a need for:						
			NA		There is no evidence of illegal trafficking of hazardous wastes						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 9 Par. 5	33	When illegal traffic of hazardous wastes was detected, and responsibility could not be assigned to either the exporter or generator or to the importer or disposer, were the wastes finally disposed off by the Party in an environmentally sound manner?	Yes								
			Sometimes		In order for hazardous wastes to be disposed off in an environmentally sound manner, when responsibility could not be assigned to either the exporter or generator or to the importer or disposer, there is a need for:						
			No		In order for hazardous wastes to be disposed off in an environmentally sound manner, when responsibility could not be assigned to either the exporter or generator or to the importer or disposer, there is a need for:						
			NA		There is no evidence of illegal trafficking of hazardous wastes						

HAZARDOUS WASTES PROTOCOL											
Level of Implementation				Areas of Improvement							
Article or Provision	No.	Question	Status of implementation <i>tick the MOST appropriate answer</i>		Issue	Challenges <i>(tick the appropriate scenarios)</i>					
						Improved legal/institutional framework	Improved inter-sectoral coordination	Better access to financial resources	Improved technical capabilities	Improved access to knowledge and information	Improved public awareness and participation
Art. 9 Par. 6	34	When illegal traffic of hazardous wastes was detected, was all related information sent by the Party to the Organization?	Yes								
			Sometimes		In order for information to be sent to the Organization, there is a need for:						
			No		In order for information to be sent to the Organization, there is a need for:						
			NA		There is no evidence of illegal trafficking of hazardous wastes						
Art. 9 Par. 7	35	Are there mechanisms in place that would allow the Party to cooperate with other Contracting Parties to ensure that illegal trafficking of hazardous wastes does not take place?	Yes								
			No		In order to have cooperation mechanisms with other Contracting Parties, there is a need for:						

HAZARDOUS WASTES PROTOCOL
